

The four stages, in plan view (sweep 13.1-58.2 s)

Radius ratio and phase lag, measured stage by stage
(each against the stage before it; the last row is cumulative)

stage	radius ratio	phase lag [s]
desired -> ref_centroid	0.971	+0.339
ref_centroid -> actual_centroid	1.128	+0.497
actual_centroid -> payload	0.900	-0.247
desired -> payload (cumulative)	0.980	+0.609
